PROXY STATEMENT
FOR THE 2018 ANNUAL MEETING OF STOCKHOLDERS
December 19, 2018

VOTING AND MEETING INFORMATION

Why did I receive a notice regarding the availability of proxy materials on the internet?

Pursuant to rules adopted by the Securities and Exchange Commission (the “SEC”), we have elected to provide access to our proxy materials over the internet. Accordingly, we have sent you a Notice of Internet Availability of Proxy Materials (the “Notice”) because the Board of Directors (the “Board”) of Stitch Fix, Inc. (the “Company” or “Stitch Fix”) is soliciting your proxy to vote at the 2018 Annual Meeting of Stockholders (the “2018 Annual Meeting”), including at any adjournments or postponements of the meeting. All stockholders will have the ability to access the proxy materials on the website referred to in the Notice or request to receive a printed set of the proxy materials. Instructions on how to access the proxy materials over the internet or to request a printed copy may be found in the Notice.

We intend to mail the Notice on or about November 7, 2018, to all stockholders of record entitled to vote at the 2018 Annual Meeting.

Will I receive any other proxy materials by mail?

We may send you a proxy card, along with a second Notice, on or after November 17, 2018.

How do I attend the 2018 Annual Meeting?

The meeting will be held on Wednesday, December 19, 2018, at 1:30 p.m. local time at the offices of the Company’s outside counsel: Cooley LLP, 101 California Street, 5th Floor, San Francisco, California 94111. For directions, please call the offices of Cooley LLP at (415) 693-2000. To attend the 2018 Annual Meeting, please bring a valid government photo identification, such as a driver’s license or passport. If you are a beneficial stockholder holding your shares through a broker, bank, or other agent (described further below), you will also need to bring proof of beneficial ownership as of the record date, October 22, 2018, such as your most recent account statement reflecting your stock ownership prior to October 22, 2018, a copy of the voting instruction card provided by your broker, bank, or other agent, or similar evidence of ownership. Information on how to vote in person at the 2018 Annual Meeting is below.

Who can vote at the 2018 Annual Meeting?

Only stockholders of record at the close of business on October 22, 2018, will be entitled to vote at the 2018 Annual Meeting. On this record date, there were 41,830,883 shares of Class A common stock outstanding and 57,577,608 shares of Class B common stock outstanding and entitled to vote. Our Class A common stock has one vote per share and our Class B common stock has ten votes per share.

Stockholder of Record: Shares Registered in Your Name

If on October 22, 2018, your shares were registered directly in your name with Stitch Fix’s transfer agent, American Stock Transfer & Trust Company, LLC, then you are a stockholder of record. As a stockholder of record, you may vote in person at the meeting or vote by proxy. Whether or not you plan to attend the meeting, we urge you to vote by proxy to ensure your vote is counted.

Beneficial Owner: Shares Registered in the Name of a Broker or Bank

If on October 22, 2018, your shares were held not in your name, but in an account at a brokerage firm, bank, or other similar organization, then you are the beneficial owner of shares held in “street name” and the Notice is being forwarded to you by that organization. The organization holding your account is considered to be the stockholder of record for purposes of voting at the 2018 Annual Meeting. As a beneficial owner, you have the right to direct your broker, bank, or other agent regarding how to vote the shares in your account. You are also invited to attend the 2018 Annual Meeting. However, since you are not the stockholder of record, you may not vote your shares in person at the meeting unless you request and obtain a valid proxy from your broker, bank, or other agent.

What am I voting on?

There are three matters scheduled for a vote:

Proposal 1. Election of two directors.

Proposal 2. Advisory indication of the preferred frequency of stockholder advisory votes on the compensation of the Company’s named executive officers.

Proposal 3. Ratification of selection by the Audit Committee of the Board of Deloitte & Touche LLP as independent registered public accounting firm of the Company for its fiscal year ending August 3, 2019.

What if another matter is properly brought before the meeting?

The Board knows of no other matters that will be presented for consideration at the 2018 Annual Meeting. If any other matters are properly brought before the meeting, it is the intention of the persons named in the accompanying proxy to vote on those matters in accordance with their best judgment.

How do I vote?

You may either vote "For" all the nominees to the Board or you may "Withhold" your vote for any nominee you specify. With regard to your advisory vote on how frequently we should solicit stockholder advisory approval of executive compensation, you may vote for any one of the following: "One Year," "Two Years," or "Three Years," or you may abstain from voting on that matter. For the ratification of the selection of Deloitte & Touche LLP as the Company's independent registered public accounting firm for the fiscal year ending August 3, 2019, you may vote "For" or "Against" or abstain from voting.

The procedures for voting are as follows:

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record, you may vote in person at the 2018 Annual Meeting, or vote by proxy over the telephone, through the internet, or by using a proxy card that you may request or that we may elect to deliver at a later time. Whether or not you plan to attend the meeting, we urge you to vote by proxy to ensure your vote is counted. You may still attend the meeting and vote in person even if you have already voted by proxy.

- To vote in person, come to the 2018 Annual Meeting and we will give you a ballot when you arrive.
- To vote using the proxy card, simply complete, sign, and date the proxy card that may be delivered and return it promptly in the envelope provided. If you return your signed proxy card to us before the 2018 Annual Meeting, we will vote your shares as you direct.
- To vote over the telephone, dial toll-free 1-800-690-6903 using a touch-tone phone and follow the recorded instructions. You will be asked to provide the company number and control number from the Notice. Your telephone vote must be received by 11:59 p.m. Eastern Time on December 18, 2018, to be counted.
- To vote through the internet, go to <http://www.proxyvote.com> to complete an electronic proxy card. You will be asked to provide the company number and control number from the Notice. Your internet vote must be received by 11:59 p.m. Eastern Time on December 18, 2018, to be counted.

Beneficial Owner: Shares Registered in the Name of Broker or Bank

If you are a beneficial owner of shares registered in the name of your broker, bank, or other agent, you should have received a Notice containing voting instructions from that organization rather than from Stitch Fix. Simply follow the voting instructions in the Notice to ensure that your vote is counted. To vote in person at the 2018 Annual Meeting, you must obtain a valid proxy from your broker, bank, or other agent. Follow the instructions from your broker, bank, or other agent included with these proxy materials, or contact that organization to request a proxy form.

Internet proxy voting may be provided to allow you to vote your shares online, with procedures designed to ensure the authenticity and correctness of your proxy vote instructions. However, please be aware that you must bear any costs associated with your internet access, such as usage charges from internet access providers and telephone companies.

How many votes do I have?

On each matter to be voted upon, you have one vote for each share of Class A common stock and ten votes for each share of Class B common stock you owned as of October 22, 2018. The Class A common stock and Class B common stock will vote together as a single class on all proposals described in this Proxy Statement.

If I am a stockholder of record and I do not vote, or if I return a proxy card or otherwise vote without giving specific voting instructions, what happens?

If you are a stockholder of record and do not vote by telephone, through the internet, by completing the proxy card that may be delivered to you, or in person at the 2018 Annual Meeting, your shares will not be voted.

If you return a signed and dated proxy card or otherwise vote without marking voting selections, your shares will be voted, as applicable, "For" the election of each nominee for director, for "One Year" as the preferred frequency of advisory votes to approve executive compensation, and "For" the ratification of the selection of Deloitte & Touche LLP as the Company's independent registered public accounting firm for the fiscal year ending August 3, 2019. If any other matter is properly presented at the meeting, your proxyholder (one of the individuals named on your proxy card) will vote your shares using his or her best judgment.

If I am a beneficial owner of shares held in street name and I do not provide my broker or bank with voting instructions, what happens?

If you are a beneficial owner of shares held in street name and you do not instruct your broker, bank, or other agent how to vote your shares, your broker, bank, or other agent may still be able to vote your shares in its discretion. Brokers, banks, and other securities intermediaries may use their discretion to vote your “uninstructed” shares with respect to matters considered to be “routine,” but not with respect to “non-routine” matters. In this regard, Proposals 1 and 2 are considered to be “non-routine,” meaning that your broker may not vote your shares on those proposals in the absence of your voting instructions. However, Proposal 3 is considered to be a “routine” matter, meaning that if you do not return voting instructions to your broker by its deadline, your shares may be voted by your broker in its discretion on Proposal 3.

If you a beneficial owner of shares held in street name, in order to ensure your shares are voted in the way you would prefer, you must provide voting instructions to your broker, bank, or other agent by the deadline provided in the materials you receive from your broker, bank, or other agent.

Who is paying for this proxy solicitation?

We will pay for the entire cost of soliciting proxies. In addition to these proxy materials, our directors and employees may also solicit proxies in person, by telephone, or by other means of communication. Directors and employees will not be paid any additional compensation for soliciting proxies. We may also reimburse brokerage firms, banks, and other agents for the cost of forwarding proxy materials to beneficial owners.

What does it mean if I receive more than one Notice?

If you receive more than one Notice, your shares may be registered in more than one name or in different accounts. Please follow the voting instructions on each of the Notices to ensure that all of your shares are voted.

Can I change my vote after submitting my proxy?

Stockholder of Record: Shares Registered in Your Name

Yes. You can revoke your proxy at any time before the final vote at the meeting. If you are the record holder of your shares, you may revoke your proxy in any one of the following ways:

- You may submit another properly completed proxy card with a later date.
- You may grant a subsequent proxy by telephone or through the internet.
- You may send a timely written notice that you are revoking your proxy to Stitch Fix’s Corporate Secretary at 1 Montgomery Street, Suite 1500, San Francisco, California 94104. Such notice will be considered timely if it is received at the indicated address by the close of business on the business day immediately preceding the date of the 2018 Annual Meeting.
- You may attend the 2018 Annual Meeting and vote in person. Simply attending the meeting will not, by itself, revoke your proxy.

Your most current proxy card or telephone or internet proxy is the one that is counted.

Beneficial Owner: Shares Registered in the Name of Broker or Bank

If your shares are held by your broker, bank, or other agent, you should follow the instructions provided by your broker, bank, or other agent.

How are votes counted?

Votes will be counted by the inspector of election appointed for the meeting, who will separately count, for the proposal to elect directors, votes “For,” “Withhold,” and broker non-votes; with respect to the proposal regarding frequency of stockholder advisory votes to approve executive compensation, votes for frequencies of one year, two years, or three years, abstentions, and broker non-votes; and, with respect to the ratification of the selection of Deloitte & Touche LLP as the Company’s independent registered public accounting firm for the fiscal year ending August 3, 2019, votes “For,” “Against,” and abstentions. Abstentions will be counted towards the vote total for each of Proposals 2 and 3, and will have the same effect as “Against” votes. Broker non-votes on Proposals 1 and 2 will have no effect and will not be counted towards the vote total for any of those proposals.

What are “broker non-votes”?

As discussed above, when a beneficial owner of shares held in street name does not give voting instructions to his or her broker, bank, or other agent holding his or her shares as to how to vote on matters deemed to be “non-routine,” the broker, bank, or other such agent cannot vote the shares. These unvoted shares are counted as “broker non-votes.” Proposals 1 and 2 are considered to be “non-routine” and we therefore expect broker non-votes to exist in connection with those proposals.

*As a reminder, if you are a beneficial owner of shares held in street name, in order to ensure your shares are voted in the way you would prefer, you **must** provide voting instructions to your broker, bank, or other agent by the deadline provided in the materials you receive from your broker, bank, or other agent.*

How many votes are needed for approval of each proposal?

The following table summarizes the minimum vote needed to approve each proposal and the effect of abstentions and broker non-votes.

Proposal	Description	Vote Required for Approval	Effect of Broker	
			Effect of Abstentions	Non-Votes
1	Election of directors	Nominees that receive the most “For” votes; “Withhold” votes will have no effect.	Not applicable	No effect
2	Advisory vote on the frequency (one, two, or three years) of stockholder advisory votes on executive compensation	The frequency (one, two, or three years) that receives the votes of a majority of the voting power of the shares present in person or represented by proxy and entitled to vote on the matter ⁽¹⁾	Against each of the proposed voting frequencies	No effect
3	Ratification of the selection of Deloitte & Touche LLP as the Company’s independent registered public accounting firm for its fiscal year ending August 3, 2019	“For” votes from a majority of the voting power of the shares present in person or represented by proxy and entitled to vote on the matter	Against	Not applicable ⁽²⁾

(1) In the event that no frequency receives a majority of the votes, the Company will consider the frequency that receives the most votes cast to be the frequency preferred by our stockholders.

(2) This proposal is considered to be a “routine” matter. Accordingly, if you hold your shares in street name and do not provide voting instructions to your broker, bank, or other agent that holds your shares, your broker, bank, or other agent has discretionary authority to vote your shares on this proposal.

What is the quorum requirement?

A quorum of stockholders is necessary to hold a valid meeting under our Amended and Restated Bylaws (the “Bylaws”) and Delaware law. A quorum will be present if stockholders holding at least a majority of the voting power of the outstanding shares entitled to vote are present at the meeting in person or represented by proxy. On the record date, there were 41,830,883 shares of Class A common stock outstanding and 57,577,608 shares of Class B common stock outstanding and entitled to vote. Our Class A common stock has one vote per share and our Class B common stock has ten votes per share. Thus, the holders of shares representing an aggregate of 308,803,482 votes must be present in person or represented by proxy at the 2018 Annual Meeting to have a quorum.

Your shares will be counted towards the quorum only if you submit a valid proxy (or one is submitted on your behalf by your broker, bank, or other nominee) or if you vote in person at the meeting. Abstentions and broker non-votes will be counted towards the quorum requirement. If there is no quorum, either the chairperson of the meeting or the holders of a majority of the voting power of the shares present at the meeting in person or represented by proxy may adjourn the meeting to another date.

How can I find out the results of the voting at the 2018 Annual Meeting?

Preliminary voting results will be announced at the meeting. In addition, final voting results will be published in a current report on Form 8-K that we expect to file within four business days after the meeting. If final voting results are not available to us in time to file a Form 8-K within four business days after the meeting, we intend to file a Form 8-K to publish preliminary results and, within four business days after the final results are known to us, file an additional Form 8-K to publish the final results.

I share an address with another stockholder. Why did we receive only one copy of the proxy materials and how may I obtain an additional copy of the proxy materials?

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for notices of internet availability of proxy materials or other annual meeting materials with respect to two or more stockholders sharing the same address by delivering a single notice of internet availability of proxy materials or other annual meeting materials addressed to those stockholders. This process, which is commonly referred to as “householding,” potentially means extra convenience for stockholders and cost savings for companies.

A number of brokers with account holders who are Stitch Fix stockholders will be “householding” the Company’s proxy materials. A single Notice of Internet Availability of Proxy Materials will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from us (if you are a stockholder of record) or your broker (if you are a beneficial owner) that we or they will be “householding” communications to your address, “householding” will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in “householding” and would prefer to receive a separate Notice of Internet Availability of Proxy Materials, or if you currently receive multiple copies of the Notices of Internet Availability of Proxy Materials and would like to request “householding” of your communications,

please notify your broker or Stitch Fix. Direct your written request to Stitch Fix, Inc. Corporate Secretary, 1 Montgomery Street, Suite 1500, San Francisco, California 94104 or contact our Corporate Secretary at (415) 882-7765.

When are stockholder proposals and director nominations due for next year's annual meeting?

To be considered for inclusion in the proxy materials for next year's annual meeting of stockholders (the "2019 Annual Meeting"), your proposal must be submitted in writing by July 10, 2019, to our Corporate Secretary at 1 Montgomery Street, Suite 1500, San Francisco, California 94104, and must comply with all applicable requirements of Rule 14a-8 promulgated under the Securities Exchange Act of 1934, as amended (the "Exchange Act"); provided, however, that if our 2019 Annual Meeting is held before November 19, 2019, or after January 18, 2020, then the deadline is a reasonable amount of time prior to the date we begin to print and mail our proxy statement for the 2019 Annual Meeting.

Pursuant to Section 5(b)(3) of our Bylaws, if you wish to submit a proposal (including a director nomination) at the 2019 Annual Meeting that is not to be included in next year's proxy materials, you must do so no later than the close of business on September 20, 2019, nor earlier than the close of business on August 21, 2019, to our Corporate Secretary at 1 Montgomery Street, Suite 1500, San Francisco, California 94104; provided, however, that if our 2019 Annual Meeting is held before November 19, 2019, or after January 18, 2020, then the deadline is (a) no earlier than the close of business on the 120th day prior to the date of the 2019 Annual Meeting and (b) not later than the close of business on the later of (i) the 90th day prior to the 2019 Annual Meeting or (ii) the tenth day following the day on which public announcement of the date of such meeting is first made.

Pursuant to Section 5(e) of our Bylaws, in the event that the number of directors in the class of directors whose term shall expire at the next annual meeting of stockholders (the "Expiring Class") is increased and we do not make any public announcement of (a) the appointment of a director to such class or (b) the vacancy in such class (if no appointment was made) at least ten days before the last day a stockholder may deliver a notice of nomination in accordance with our Bylaws, then a stockholder's notice required by our Bylaws and which complies with the requirements in our Bylaws, other than the timing requirements in Section 5(b)(3), shall also be considered timely, but only with respect to nominees for any new positions in such Expiring Class created by such increase, if it is received by our Corporate Secretary at 1 Montgomery Street, Suite 1500, San Francisco, California 94104, not later than the close of business on the tenth day following the day on which such public announcement is first made by us.

You are also advised to review our Bylaws, which contain additional requirements about advance notice of stockholder proposals and director nominations.

A copy of our Bylaws is available in the Governance section of our website at <https://investors.stitchfix.com/>. You may also contact our Corporate Secretary at the address set forth above for a copy of the relevant bylaw provisions regarding the requirements for making stockholder proposals and nominating director candidates.

PROPOSAL 1
ELECTION OF DIRECTORS

Classified Board

Stitch Fix’s Board is divided into three classes. Each class consists, as nearly as possible, of one third of the total number of directors, and each class has a three-year term. Vacancies on the Board may be filled only by persons elected by a majority of the remaining directors. A director elected by the Board to fill a vacancy in a class, including vacancies created by an increase in the number of directors, shall serve for the remainder of the full term of that class and until the director’s successor is duly elected and qualified.

The Board presently has seven members. There are two directors in the class whose term of office expires at the 2018 Annual Meeting. Ms. Lake is currently a director of the Company who was elected prior to our initial public offering (“IPO”) by our stockholders. Ms. McCollam is currently a director of the Company who was appointed prior to our IPO by the Board to fill a vacancy on the Board. If elected at the 2018 Annual Meeting, each of these nominees would serve until the third annual meeting of stockholders following the 2018 Annual Meeting (the “2021 Annual Meeting”) and until her successor has been duly elected and qualified, or, if sooner, until the director’s death, resignation, or removal.

The following table sets forth information with respect to our directors, including the two nominees for election at the 2018 Annual Meeting, as of November 7, 2018:

Name	Age	Director Since	Principal Occupation / Position Held with the Company
<i>Class I Directors – Nominees for Election at the 2018 Annual Meeting</i>			
Katrina Lake	35	February 2011	Founder, Chief Executive Officer and Director of Stitch Fix
Sharon McCollam	56	November 2016	Director of Stitch Fix
<i>Class II Directors – Continuing in Office until the 2019 Annual Meeting⁽¹⁾</i>			
Steven Anderson	50	April 2011	General Partner of Baseline Ventures and Director of Stitch Fix
Marka Hansen	65	February 2014	Director of Stitch Fix
<i>Class III Directors – Continuing in Office until the 2020 Annual Meeting⁽²⁾</i>			
J. William Gurley	52	August 2013	General Partner of Benchmark Capital and Director of Stitch Fix
Kirsten Lynch	50	March 2018	EVP and Chief Marketing Officer of Vail Resorts and Director of Stitch Fix
Mikkel Svane	47	October 2018	Founder and Chief Executive Officer of Zendesk, Inc. and Director of Stitch Fix

(1) “2019 Annual Meeting” refers to the first annual meeting of stockholders following the 2018 Annual Meeting.

(2) “2020 Annual Meeting” refers to the second annual meeting of stockholders following the 2018 Annual Meeting.

Directors are elected by a plurality of the votes of the holders of shares present in person or represented by proxy and entitled to vote generally on the election of directors. Accordingly, the two nominees receiving the highest number of affirmative votes will be elected. Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the two nominees named in this Proxy Statement. If any nominee becomes unavailable for election as a result of an unexpected occurrence, shares that would have been voted for that nominee will instead be voted for the election of a substitute nominee proposed by the Board. Each person nominated for election has agreed to serve if elected. The Company’s management has no reason to believe that any nominee will be unable to serve.

The following is a brief biography of each nominee and each director whose term will continue after the 2018 Annual Meeting.

Nominees for Election to a Three-Year Term Expiring at the 2021 Annual Meeting

Katrina Lake. Ms. Lake is our Founder and has served as our Chief Executive Officer and a member of our Board since our inception in 2011. Ms. Lake holds a B.A. in Economics from Stanford University and an M.B.A. from Harvard University. We believe that Ms. Lake is qualified to serve as a member of our Board based on the perspective and experience she brings as our Founder and Chief Executive Officer.

Other Public Company Boards: Ms. Lake has served as a director of GrubHub, Inc., an online and mobile food delivery service, since December 2015.

Private Company / Non-Profit Boards: Ms. Lake serves as a director of Glossier Inc.

Sharon McCollam. Ms. McCollam has served on our Board since November 2016. From December 2012 to June 2016, Ms. McCollam served as Executive Vice President, Chief Administrative and Chief Financial Officer of Best Buy Co., Inc., a provider of technology products, services, and solutions, and continued to serve as a senior advisor through January 2017. From 2006 to 2012, she served as Executive Vice President, Chief Operating and Chief Financial Officer at Williams-Sonoma Inc., a specialty retailer of high-quality products for the home, and as Chief Financial Officer from 2000 to 2006. Information Regarding the Board of Directors and Corporate Governance

Independence of The Board

As required under the Nasdaq Stock Market (“Nasdaq”) listing standards, a majority of the members of a listed company’s board of directors must qualify as “independent,” as affirmatively determined by the board of directors. The Board consults with the Company’s counsel to ensure that the Board’s determinations are consistent with relevant securities and other laws and regulations regarding the definition of “independent,” including those set forth in pertinent Nasdaq listing standards, as in effect from time to time.

Our Board has undertaken a review of the independence of each director. Based on information provided by each director concerning her or his background, employment, and affiliations, our Board has determined that Mr. Anderson, Mr. Gurley, Ms. Hansen, Ms. Lynch, Ms. McCollam, and Mr. Svane do not have relationships that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that each of these directors is “independent” as that term is defined under the listing requirements and rules of Nasdaq.

In making this determination, the Board found that none of these directors or nominees for director had a material or other disqualifying relationship with the Company.

Ms. Lake is not independent due to her position as the Chief Executive Officer of Stitch Fix.

Board Leadership Structure

The Company’s Board is currently chaired by the Founder and Chief Executive Officer of the Company, Ms. Lake. The Board has also appointed Ms. McCollam as lead independent director.

The Company believes that combining the positions of Chief Executive Officer and Board Chair helps to ensure that the Board and management act with a common purpose. In the Company’s view, combining the positions of Chief Executive Officer and Board Chair provides a clear chain of command and a single point of accountability to execute the Company’s strategy and business plans. In addition, the Company believes that a combined Chief Executive Officer and Board Chair is better positioned to act as a bridge between management and the Board, facilitating the regular flow of information. The Company also believes that it is advantageous to have a Board Chair who has an extensive history with and knowledge of the Company, as is the case with the Company’s Chief Executive Officer.

The Board appointed Ms. McCollam as the lead independent director to help reinforce the independence of the Board as a whole. The position of lead independent director has been structured to serve as an effective balance to a combined Chief Executive Officer/Board Chair: the lead independent director’s responsibilities include, among other things, consulting with management on the agendas for regular Board meetings, presiding over Board meetings in the absence of the Chair, presiding over and establishing the agendas for meetings of the independent directors, presiding over any portions of Board meetings at which the evaluation or compensation of the Chief Executive Officer is presented or discussed, and coordinating Board committee updates to the full Board. As a result, the Company believes that the lead independent director can help ensure the effective, independent functioning of the Board in its oversight responsibilities. In addition, the Company believes that the lead independent director is well positioned to build a consensus among independent directors and to serve as a conduit between the other independent directors and the Board Chair, for example, by facilitating the inclusion on meeting agendas of matters of concern to the independent directors. In light of the Chief Executive Officer’s extensive history with and knowledge of the Company, and because the Board’s lead independent director is empowered to play a significant role in the Board’s leadership and in reinforcing the independence of the Board, the Company believes that it is advantageous for the Company to combine the positions of Chief Executive Officer and Board Chair.

Role of the Board in Risk Oversight

One of the Board’s key functions is informed oversight of the Company’s risk management process. The Board does not have a standing risk management committee, but administers this oversight function directly through the Board as a whole, as well as through various standing Board committees that address risks inherent in their respective areas of oversight. In particular, our Board is responsible for monitoring and assessing strategic risk exposure, including a determination of the nature and level of risk appropriate for the Company. Our audit committee has the responsibility to oversee the Company’s enterprise risk management program, including cybersecurity risks; to consider and discuss our major financial risk exposures and the steps our management has taken to monitor and control these exposures, including guidelines and policies to govern the process by which risk assessment and management is undertaken; to monitor compliance with legal and regulatory requirements; and to oversee the performance of our internal audit function. Our nominating and corporate governance committee oversees and reviews with management the Company’s major governance risk exposures and the steps management has taken to monitor or mitigate such exposures, including our procedures and any related policies with respect to risk assessment and risk management, as well as our governance structure and Board and management succession risks. Our compensation committee reviews our compensation practices and policies as they relate to risk management and risk-taking incentives, to determine whether such compensation policies and practices are reasonably likely to have a material adverse effect on the Company. The entire Board meets with senior management periodically, and the applicable Board committees meet periodically with the employees responsible for risk management in the committees’ respective areas of oversight. Both the Board as a whole and the various standing committees receive

periodic reports from employees responsible for risk management, as well as incidental reports as matters may arise. It is the responsibility of the committee chairs to report findings regarding material risk exposures to the Board as quickly as possible.

Meetings of the Board

The Board met five times during the last fiscal year. Each Board member attended 75% or more of the aggregate number of meetings of the Board and of the committees on which he or she served held during the portion of the last fiscal year for which he or she was a director or committee member.

We expect directors to attend each annual meeting of stockholders.

Information Regarding Committees of the Board

The Board has three standing committees: an Audit Committee, a Compensation Committee, and a Nominating and Corporate Governance Committee. The following table provides membership and meeting information as November 7, 2018, for each of the Board committees:

Name	Audit	Compensation	Nominating and Corporate Governance

Kirsten Lynch		X	
Sharon McCollam	X*		X
Mikkel Svane	X		
Total meetings in fiscal year 2018	7	7	2

* Committee Chairperson

Below is a description of each committee of the Board.

Each of the committees has authority to engage legal counsel or other experts or consultants as it deems appropriate to carry out its responsibilities. The Board has determined that each member of each committee meets the applicable Nasdaq rules and regulations regarding “independence” and each member is free of any relationship that would impair his or her individual exercise of independent judgment with regard to the Company. The Board has adopted written charters for each of the committees, which are available in the Governance section of the Company’s website at <http://investors.stitchfix.com>.

Audit Committee

The Audit Committee of the Board was established by the Board in accordance with Section 3(a)(58)(A) of the Exchange Act to oversee the Company’s corporate accounting and financial reporting processes and audits of its financial statements. Our Board has determined that Ms. McCollam is an “audit committee financial expert” within the meaning of SEC regulations. Each member of our Audit Committee can read and understand fundamental financial statements in accordance with applicable requirements. In arriving at these determinations, our Board has examined each Audit Committee member’s scope of experience and the nature of their employment in the corporate finance sector.

The primary functions of this committee include:

- helping our Board oversee our corporate accounting and financial reporting processes;
- managing the selection, engagement, qualifications, independence, and performance of a qualified firm to serve as the independent registered public accounting firm to audit our financial statements;
- discussing the scope and results of the audit with the independent registered public accounting firm and reviewing, with management and the independent accountants, our interim and year-end operating results;
- reviewing our cybersecurity policies and programs;
- developing procedures for employees to submit concerns anonymously about questionable accounting or audit matters;
- reviewing related-party transactions;
- reviewing the effectiveness of the Company’s internal controls over financial reporting, any material issues with such controls, and any steps taken to address such issues; and
- approving or, as permitted, pre-approving, audit and permissible non-audit services to be performed by the independent registered public accounting firm.

The Board reviews the Nasdaq listing standards definition of independence for audit committee members on an annual basis and has determined that all members of the Company's Audit Committee are independent (as independence is currently defined in Rule 5605(c)(2)(A)(i) and (ii) of the Nasdaq listing standards).

Report of the Audit Committee of the Board⁽¹⁾

The Audit Committee has reviewed and discussed the audited financial statements for the fiscal year ended July 28, 2018, with management of the Company. The Audit Committee has discussed with Deloitte & Touche LLP, the Company's independent registered public accounting firm, the matters required to be discussed by Auditing Standard No. 1301, *Communications with Audit Committees*, as adopted by the Public Company Accounting Oversight Board ("PCAOB"). The Audit Committee has also received the communications from Deloitte & Touche LLP required by PCAOB standards regarding Deloitte & Touche LLP's independence, and has discussed with Deloitte & Touche LLP their independence. Based on the foregoing, the Audit Committee has recommended to the Board that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended July 28, 2018.

THE AUDIT COMMITTEE

Ms. Sharon McCollam
Mr. J. William Gurley⁽²⁾
Ms. Marka Hansen
Mr. Mikkel Svane⁽³⁾

- (1) The material in this report is not "soliciting material," is not deemed "filed" with the SEC and is not to be incorporated by reference in any filing of the Company under the Securities Act 1933, as amended (the "Securities Act"), or the Exchange Act, whether made before or after the date hereof and irrespective of any general incorporation language in any such filing.
- (2) Mr. Gurley served on the Audit Committee during fiscal year 2018 until October 2018.
- (3) Mr. Svane was appointed to the Audit Committee in October 2018, following the conclusion of fiscal year 2018, and did not participate in the activities described in the report.

Compensation Committee

The primary purpose of our Compensation Committee is to discharge the responsibilities of the Board in overseeing our compensation policies, plans, and programs, and to review and determine the compensation to be paid to executive officers, directors, and other senior management, as appropriate. Specific responsibilities include:

- reviewing and approving the compensation of the Chief Executive Officer, other executive officers, and senior management;
- reviewing and making recommendations to the Board regarding the compensation paid to directors;
- reviewing, adopting, amending, and terminating incentive compensation and equity plans, severance agreements, profit-sharing plans, bonus plans, change-of-control protections, and any other compensatory arrangements for executive officers and other senior management; and
- reviewing and establishing general policies relating to compensation and benefits of employees.

Each year, the Compensation Committee reviews with management the Company's Compensation Discussion and Analysis and considers whether to recommend that it be included in proxy statements and other filings.

All members of the Company's Compensation Committee are independent (as independence is currently defined in Rule 5605(d)(2) of the Nasdaq listing standards).

Compensation Committee Processes and Procedures

The agenda for each Compensation Committee meeting is usually developed in consultation with the Chair of the Compensation Committee. The Chief Executive Officer may not be present during the voting, deliberations, or determinations of the Compensation Committee regarding her compensation, but may be present (but not vote) during the voting and deliberations regarding the compensation of the other executive officers and senior management. The charter of the Compensation Committee grants the Compensation Committee full access to all books, records, facilities and personnel of the Company. In addition, under its charter, the Compensation Committee has the authority to obtain, at the expense of the Company, advice and assistance from compensation consultants and internal and external legal, accounting, or other advisors and other external resources that the Compensation Committee considers necessary or appropriate in the performance of its duties. The Compensation Committee has direct responsibility for the oversight of the work of any consultants or advisors engaged for the purpose of advising the Committee. In particular, the Compensation Committee has the sole authority to retain, in its sole discretion, compensation consultants to assist in its evaluation of executive and director compensation, including the authority to approve the consultant's reasonable fees and other retention terms. Under its charter, the Compensation Committee may select, or receive advice from, a compensation consultant, legal counsel, or other advisor to the Compensation Committee only after taking into consideration the various factors prescribed by the SEC and Nasdaq that bear upon the advisor's independence; however, there is no requirement that any advisor be independent.

The specific determinations of the Compensation Committee with respect to executive compensation for the fiscal year ending July 28, 2018, are described in greater detail in the Compensation Discussion and Analysis section of this Proxy Statement.

Compensation Committee Interlocks and Insider Participation

As noted above, the Compensation Committee consists of Mr. Anderson, Ms. Hansen, and Ms. Lynch. None of the members of the Compensation Committee are currently, or have been at any time, one of our officers or employees. None of our executive officers currently serve, or have served during the last year, as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving as a member of our Board or Compensation Committee.

Nominating and Corporate Governance Committee

The primary purpose of our Nominating and Corporate Governance Committee is to oversee aspects of the Company's corporate governance functions. Specific responsibilities of the Nominating and Corporate Governance Committee include:

- identifying and evaluating candidates to serve as directors of the Company (consistent with criteria approved by the Board);
- reviewing and evaluating incumbent directors;
- overseeing periodic evaluations of the Board's performance, including committees of the Board;
- considering and making recommendations to the Board regarding the Board's leadership structure;
- making recommendations to the Board on continuing education of directors;
- developing and making recommendations to the Board regarding our corporate governance guidelines, ethical compliance, insider trading policy, and other related policies; and
- reviewing and recommending to the Board succession plans for our executive officers.

The Nominating and Corporate Governance Committee believes that candidates for our Board should have certain minimum qualifications, including the ability to read and understand basic financial statements, being over 21 years of age, and having the highest personal integrity and ethics. The Nominating and Corporate Governance Committee also considers such factors as possessing relevant expertise upon which to be able to offer advice and guidance to management, having sufficient time to devote to the affairs of the Company, demonstrated excellence in his or her field, having the ability to exercise sound business judgment, and having the commitment to rigorously represent the long-term interests of the Company's stockholders. However, the Nominating and Corporate Governance Committee retains the right to modify these qualifications from time to time. Candidates for director nominees are reviewed in the context of the current composition of the Board, the operating requirements of the Company, and the long-term interests of stockholders. In conducting this assessment, the Nominating and Corporate Governance Committee typically considers diversity, age, skills, and such other factors as it deems appropriate, given the current needs of the Board and the Company, to maintain a balance of knowledge, experience, and capability.

In the case of incumbent directors whose terms of office are set to expire, the Nominating and Corporate Governance Committee reviews these directors' overall service to the Company during their terms, including the number of meetings attended, level of participation, quality of performance, and any other relationships and transactions that might impair the directors' independence. The Nominating and Corporate Governance Committee also takes into account the results of the Board's self-evaluation, conducted annually on a group and individual basis.

In the case of new director candidates, the Nominating and Corporate Governance Committee also determines whether the nominee is independent for Nasdaq purposes, which determination is based upon applicable Nasdaq listing standards, applicable SEC rules and regulations, and the advice of counsel, if necessary. To identify candidates for Board membership, the Nominating and Corporate Governance Committee uses its network of contacts to compile a list of potential candidates, but may also engage a professional search firm, if it deems appropriate. The Nominating and Corporate Governance Committee conducts any appropriate and necessary inquiries into the backgrounds and qualifications of possible candidates after considering the function and needs of the Board. The Nominating and Corporate Governance Committee meets to discuss and consider the candidates' qualifications and then selects a nominee for recommendation to the Board.

At this time, the Nominating and Corporate Governance Committee does not have a policy with regard to the consideration of director candidates recommended by stockholders. The Nominating and Corporate Governance Committee believes that it is in the best position to identify, review, evaluate, and select qualified candidates for Board membership, based on the comprehensive criteria for Board membership approved by the Board.

All members of the Nominating and Corporate Governance Committee are independent (as independence is currently defined in Rule 5605(a)(2) of the Nasdaq listing standards).

Stockholder Communications with the Board

The Company's Board has adopted a formal process by which stockholders may communicate with the Board or any of its directors. Stockholders who wish to communicate with the Board may do so by sending written communications addressed to the Corporate Secretary of Stitch Fix at 1 Montgomery Street, Suite 1500, San Francisco, CA 94104. These communications will be reviewed by the Corporate Secretary to determine whether it is appropriate for presentation to the Board or such director. The purpose of this screening is to allow the Board to avoid having to consider irrelevant or inappropriate communications (such as advertisements, solicitations, and product inquiries). The screening procedures have been approved by a majority of the independent directors.

Code of Ethics

The Company has adopted the Stitch Fix Code of Conduct that applies to all officers, directors, and employees. The Code of Conduct is available on the Company's website at <https://investors.stitchfix.com>. If the Company makes any substantive amendments to the Code of Conduct or grants any waiver from a provision of the Code to any executive officer or director, the Company will promptly disclose the nature of the amendment or waiver on its website.

PROPOSAL 2
ADVISORY VOTE ON THE FREQUENCY OF
STOCKHOLDER ADVISORY VOTES ON EXECUTIVE COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act and Section 14A of the Exchange Act enable the Company's stockholders, at least once every six years, to indicate their preference regarding how frequently the Company should solicit a non-binding advisory vote on the compensation of the Company's named executive officers. Accordingly, the Company is asking stockholders to indicate whether they would prefer an advisory vote every year, every other year, or every three years. Alternatively, stockholders may abstain from casting a vote. For the reasons described below, the Board recommends that the stockholders select a frequency of every year.

After considering the benefits and consequences of each alternative, the Board believes that an annual advisory vote on the compensation of the Company's named executive officers is the most appropriate policy for us at this time. While our executive compensation programs are designed to promote the creation of stockholder value over the long term, the Board believes that an annual advisory vote on executive compensation provides us with more direct and immediate feedback on our compensation disclosures and investor views about our executive compensation philosophy, policies, and practices. We also believe that an annual advisory vote on executive compensation is consistent with our practice of seeking input and engaging with our stockholders to further understand their perspectives.

Accordingly, the Board is asking stockholders to indicate their preferred voting frequency by voting for one, two, or three years, or abstaining from voting on this proposal. While the Board believes that its recommendation is appropriate at this time, the stockholders are not voting to approve or disapprove that recommendation, but are instead asked to indicate their preferences, on an advisory basis, as to whether the non-binding advisory vote on the approval of the Company's executive officer compensation practices should be held every year, every other year, or every three years. The option among those choices that receives the votes of the holders of a majority of the voting power of the shares present in person or represented by proxy and entitled to vote at the 2018 Annual Meeting will be deemed to be the frequency preferred by the stockholders. In the event that no option receives a majority of the votes, the Company will consider the option that receives the most votes cast to be the frequency preferred by our stockholders.

The Board and the Compensation Committee value the opinions of the stockholders in this matter and, to the extent there is any significant vote in favor of one frequency over the other options, even if less than a majority, the Board will consider the stockholders' concerns and evaluate any appropriate next steps. However, because this vote is advisory and, therefore, not binding on the Board or the Company, the Board may decide that it is in the best interests of the stockholders that the Company hold an advisory vote on executive compensation more or less frequently than the option preferred by the stockholders. The vote will not be construed to create or imply any change or addition to the fiduciary duties of the Company or the Board.

THE BOARD OF DIRECTORS RECOMMENDS
A VOTE IN FAVOR OF ONE YEAR ON PROPOSAL 2.

PROPOSAL 3

RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board has selected Deloitte & Touche LLP as the Company's independent registered public accounting firm for the fiscal year ending August 3, 2019, and has further directed that management submit the selection of its independent registered public accounting firm for ratification by the stockholders at the 2018 Annual Meeting. Deloitte & Touche LLP has served as the Company's auditor since 2014. Representatives of Deloitte & Touche LLP are expected to be present at the 2018 Annual Meeting. They will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Neither the Company's Bylaws nor other governing documents or law require stockholder ratification of the selection of Deloitte & Touche LLP as the Company's independent registered public accounting firm. However, the Audit Committee is submitting the selection of Deloitte & Touche LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee will reconsider whether or not to retain that firm for the fiscal year ending August 3, 2019. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of different independent auditors at any time during the year if they determine that such a change would be in the best interests of the Company and our stockholders.

The affirmative vote of the holders of a majority of the voting power of the shares present in person or represented by proxy and entitled to vote on the matter at the 2018 Annual Meeting will be required to ratify the selection of Deloitte & Touche LLP.

Principal Accountant Fees and Services

The following table represents aggregate fees billed to the Company for the fiscal years ended July 29, 2017, and July 28, 2018, by Deloitte & Touche LLP, the Company's principal accountant.

	Fiscal Year	
	2018	2017
Audit Fees ⁽¹⁾	\$ 1,280,000	\$ 723,769
Audit-Related Fees ⁽²⁾	268,640	1,338,633
Tax Fees ⁽³⁾	183,384	1,070,658
All Other Fees ⁽⁴⁾	—	—
Total Fees	\$ 1,732,024	\$ 3,133,060

- (1) Audit fees consist of fees for professional services rendered in connection with the annual audit of our consolidated financial statements, the review of our quarterly condensed consolidated financial statements, and consultations on accounting matters directly related to the audit.
- (2) Audit-related fees consist of fees for professional services rendered in connection with the submission of our Registration Statement on Form S-1 in connection with our IPO.
- (3) Tax fees consist of fees billed for services rendered for tax compliance, tax advice, and tax planning.
- (4) All other fees consist of fees for all other services not included in the categories set forth above. There were no such services in fiscal year 2018 or 2017.

All services described above were pre-approved by the Audit Committee. In connection with the audit of our fiscal year 2018 financial statements, the Company entered into an engagement agreement with Deloitte & Touche LLP that sets forth the terms by which Deloitte & Touche LLP will perform audit services for the Company. During the fiscal year ended July 28, 2018, none of the total hours expended on the Company's financial audit by Deloitte & Touche LLP were provided by persons other than Deloitte & Touche LLP's full-time permanent employees.

Pre-Approval Policies and Procedures

The Audit Committee follows certain procedures for the pre-approval of audit and non-audit services rendered by the Company's independent registered public accounting firm, Deloitte & Touche LLP. The Committee generally pre-approves specified services in the defined categories of audit services, audit-related services, and tax services. Pre-approval may also be given as part of the Audit Committee's approval of the scope of the engagement of the independent auditor or on an individual, explicit, case-by-case basis before the independent auditor is engaged to provide each service. The pre-approval of services may be delegated to one or more of the Audit Committee's members, but the decision must be reported to the full Audit Committee at its next scheduled meeting.

The Audit Committee has determined that the rendering of services other than audit services by Deloitte & Touche LLP is compatible with maintaining the principal accountant's independence.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Introduction

We became a public reporting company in November 2017. As of July 28, 2018, we ceased to be an emerging growth company and, therefore, this Proxy Statement includes information with respect to our executive compensation program, policies, and practices that would not have been required had we been an emerging growth company, including this Compensation Discussion and Analysis, certain additional compensation tables as set forth following the Compensation Discussion and Analysis, and an advisory vote of our stockholders on the preferred frequency of future stockholder advisory votes on the compensation of our named executive officers, which is included as Proposal 2 in this Proxy Statement.

This Compensation Discussion and Analysis describes the compensation program for our chief executive officer, our chief financial officer, and our two other executive officers for our fiscal year ended July 28, 2018 (our “named executive officers”). During fiscal year 2018, our named executive officers were:

- Katrina Lake, our Founder and Chief Executive Officer (our “CEO”);
- Paul Yee, our Chief Financial Officer (our “CFO”);
- Michael Smith, our Chief Operating Officer (our “COO”); and
- Scott Darling, our Chief Legal Officer and Corporate Secretary.

As all of our executive officers are named executive officers, we will use those terms interchangeably below. This Compensation Discussion and Analysis describes the material elements of our executive compensation program during fiscal year 2018. It also provides an overview of our executive compensation philosophy and objectives. Finally, it analyzes how and why the Compensation Committee of our Board (the “Compensation Committee”) arrived at the specific compensation decisions for our named executive officers for fiscal year 2018, including the key factors that were considered in determining their compensation.

Fiscal Year 2018 Executive Compensation Highlights

The Compensation Committee took the following actions with respect to the compensation of our named executive officers for fiscal year 2018:

- **New Employment Offer Letters** – In September 2017, prior to our IPO, we entered into new employment offer letters with each of our named executive officers, which included an annual base salary increase of 18% for our CEO and an annual base salary increase of 46% for our COO.
- **No Cash Bonuses in Fiscal Year 2018** – We did not maintain an annual cash bonus program for our executive officers during fiscal year 2018, nor did the Compensation Committee pay a cash bonus to any of our named executive officers for fiscal year 2018 performance.
- **No Long-Term Incentive Compensation Awards in Fiscal Year 2018** – We did not grant any equity awards to any of our named executive officers during fiscal year 2018.

The Compensation Committee also adopted certain changes effective in fiscal year 2019:

- **Annual Bonus Program Approved for Fiscal Year 2019** – In October 2018, we adopted a cash bonus program pursuant to our 2017 Incentive Plan to provide our named executive officers with the opportunity to earn annual cash bonuses (with the target annual cash bonus opportunity of each executive officer expressed as a percentage of his or her annual base salary) based on our actual performance as measured against financial measures—revenue and earnings before interest, taxes, depreciation, and amortization (“EBITDA”)—as well as strategic measures for fiscal year 2019.
- **Vehicles for Future Equity Awards** – Prior to becoming a public company, we customarily granted only stock options to our named executive officers, which was consistent with our practices for all employees receiving equity. Following our IPO, we began granting restricted stock unit (“RSU”) awards as part of our equity compensation program. Starting in fiscal year 2019, our Compensation Committee plans to grant our named executive officers a mix of stock options and RSU awards.

Pay-for-Performance Analysis

We believe our executive compensation program is reasonable, competitive, and appropriately balances the goals of attracting, motivating, rewarding, and retaining our executive officers with the objective of aligning their interests with those of our stockholders. To ensure this alignment and to motivate and reward individual initiative and effort, we structure a significant portion of our executive officers’ compensation to be variable, at risk, and tied directly to our measurable performance.

Historically, we have emphasized compensation that appropriately rewards our named executive officers through two separate compensation elements:

- First, we provide annual base salaries that reflect prevailing competitive market practice and levels.
- Second, we grant stock options to purchase shares of our Class A (subsequent to our IPO) or Class B (prior to our IPO) common stock, which comprise a majority of our named executive officers’ target total direct compensation opportunities. The value of these stock options depends entirely on the value of our common stock, incentivizing our named executive officers to build sustainable long-term value for the benefit of our stockholders.

As described above, the Compensation Committee determined that, as part of the evolution of our compensation strategy, in fiscal year 2019 we intend to provide our named executive officers with the opportunity to participate in an annual cash bonus program which provides cash payments if they achieve financial, operational, and strategic results that meet or exceed the objectives established by the Compensation Committee and our Board. The addition of this element is not intended to increase the total target direct compensation for each of our named executive officers, but to create a balance of cash and long-term equity incentive compensation that is consistent with market practice while maintaining the proportion of compensation that is at risk. In this regard, the Compensation Committee expects that future equity awards granted to each of our named executive officers will be smaller than they otherwise would have been in the absence of an annual bonus element. However, total target incentive compensation will consist of a mix of short-term incentive compensation, in the form of an annual cash bonus, and long-term incentive compensation, in the form of equity awards.

Executive Compensation Policies and Practices

We endeavor to maintain sound governance standards consistent with our executive compensation policies and practices. The Compensation Committee evaluates our executive compensation program on a regular basis to ensure that it is consistent with our short- and long-term goals given the dynamic nature of our business and the market in which we compete for executive talent. The following summarizes our executive compensation and related policies and practices:

WHAT WE DO

WHAT WE DON'T DO

Maintain an Independent Compensation Committee. The Compensation Committee consists solely of independent directors.

No Executive Retirement Plans. We do not offer pension or retirement plans or arrangements for our named executive officers that are different from or in addition to those offered to our other employees.

Retain an Independent Compensation Advisor. The Compensation Committee engaged its own compensation consultant to provide information, analysis, and other advice, independent of management. This consultant performed no other services for us in fiscal year 2018.

No Perquisites. We do not provide perquisites or other personal benefits to our named executive officers.

Annual Executive Compensation Review. The Compensation Committee conducts an annual review of our compensation strategy, including our compensation peer group and our compensation-related risk profile.

No Special Welfare or Health Benefits. Our named executive officers participate in broad-based, company-sponsored health and welfare benefits programs on the same basis as our other full-time, salaried employees.

Compensation at Risk. Our executive compensation program is designed so that a significant portion of compensation is at risk, based on our performance as reflected in long-term equity incentive opportunities, to align the interests of our named executive officers and stockholders.

No Hedging or Pledging of Our Equity Securities. Our executive officers and the members of our Board will not be permitted to hedge or pledge our equity securities.

Stock Ownership Policy. We maintain a stock ownership policy that requires our named executive officers to maintain a minimum ownership level of our Class A and Class B common stock.

No Post-Employment Tax Reimbursement. We do not provide any tax reimbursement payments (including gross-ups) on any severance or change-in-control payments or benefits.

Succession Planning. We review the risks associated with our key executive officer positions to ensure adequate succession plans are in place.

No Dividends or Dividend Equivalents Payable on Unvested Equity Awards. We do not pay dividends or dividend equivalents on unvested RSU awards.

Stockholder Advisory Vote on Frequency of Future Stockholder Advisory Votes on Named Executive Officer Compensation

We are conducting our initial non-binding stockholder advisory vote on the frequency of future advisory votes on the compensation of our named executive officers (commonly known as a "Say-on-Pay" vote) at the 2018 Annual Meeting. Our Board is recommending that we hold future Say-on-Pay votes on an annual, rather than a biennial or triennial, basis. For additional information about this advisory vote, see Proposal 2 in this Proxy Statement.

Executive Compensation Philosophy

Our executive compensation program is guided by our overarching philosophy of paying for demonstrable performance. Consistent with this philosophy, we have designed our executive compensation program to achieve the following primary objectives:

- Provide compensation and benefit levels that will attract, retain, and reward a highly talented team of executive officers while managing costs responsibly;
- Provide incentives that motivate and reward achievement of our key financial and operational results and strategic objectives that enhance stockholder value over the long term;
- Establish a direct link between our financial and operational results and strategic objectives and the compensation of our executive officers; and
- Align the interests and objectives of our executive officers with those of our stockholders by linking their incentive compensation opportunities to stockholder value creation.

Program Design

We have historically used two principal elements to structure the compensation opportunities of our named executive officers: base salary and long-term incentive compensation opportunities in the form of equity awards. However, we did not grant equity awards to our executive officers in fiscal year 2018, as it was determined that equity award grants made in prior years already provided a sufficient level of incentive compensation. While the pay mix may vary from year to year, the ultimate goal is to achieve our compensation objectives as described above.

We also provide our named executive officers with benefits available to all our employees, including retirement benefits under our Section 401(k) plan and participation in our employee health and welfare benefit plans.

The design of our executive compensation program is influenced by a variety of factors, with the primary goals of aligning the interests of our executive officers and stockholders and linking pay with performance. We do not have any formal policies for allocating compensation among base salary, annual cash bonuses, and equity awards; short- and long-term compensation; or cash and non-cash compensation. Instead, the members of the Compensation Committee exercise their judgment to establish a total compensation package

for each executive officer that is a mix of fixed and variable compensation, and cash and non-cash compensation, that it believes is appropriate to achieve the goals of our executive compensation program and our corporate objectives. Historically, however, the Compensation Committee has structured a significant portion of our executive officers' target total direct compensation so that it is comprised of long-term incentive compensation in the form of equity awards to align our executive officers' incentives with the interests of our stockholders and our corporate goals.

Governance of Executive Compensation Program

Role of the Compensation Committee

The Compensation Committee discharges the responsibilities of our Board relating to the compensation of our named executive officers and the non-employee members of our Board. The Compensation Committee has overall responsibility for reviewing our compensation philosophy and strategy, overseeing our compensation and benefits policies generally, and overseeing and evaluating the compensation plans, policies, and practices applicable to our CEO as well as our other executive officers. The Compensation Committee operates pursuant to a written charter, which is available in the Governance section of our website at <https://investors.stitchfix.com/>.

Annual Compensation Review

At the beginning of each fiscal year, the Compensation Committee reviews our executive compensation program to assess whether the various elements of our program, as well as its compensation actions and decisions:

- are properly coordinated;
- are aligned with our vision, mission, values, and corporate goals;
- provide appropriate short- and long-term incentives for our executive officers;
- achieve their intended purposes; and
- are competitive with the compensation of executives in comparable positions at the companies with which we compete for executive talent.

Following this assessment, the Compensation Committee makes any necessary or appropriate modifications to our existing plans and arrangements or adopts new plans or arrangements.

The Compensation Committee also conducts an annual review of our executive compensation strategy to ensure that it is appropriately aligned with our business strategy and achieving our desired objectives. Further, the Compensation Committee reviews market trends and changes in competitive compensation practices, as further described below.

Compensation-Setting Process

In connection with its annual review of our executive compensation program, the Compensation Committee evaluates and establishes the target total direct compensation opportunities for each of our named executive officers. The Compensation Committee does not use a single method or measure in setting or approving the target total direct compensation opportunities or each individual compensation element for our executive officers.

The following factors, which the Compensation Committee considers when selecting and setting the amount of each compensation element for our named executive officers, provide a framework for its compensation decision-making:

- our executive compensation program objectives;
- our performance against the financial and operational goals and objectives established by the Compensation Committee and our Board;
- each individual executive officer's qualifications, knowledge, skills, experience, and tenure relative to other similarly situated executives at the companies in our compensation peer group;
- the scope of each executive officer's role and responsibilities compared to other similarly situated executives at the companies in our compensation peer group;
- the prior performance of each individual executive officer, based on a subjective assessment of his or her contributions to our overall performance, ability to lead his or her business unit or function, and work as part of a team;
- the potential of each individual executive officer to contribute to our long-term financial, operational, and strategic objectives;
- our CEO's compensation relative to that of our executive officers, and compensation parity among our executive officers;
- our financial performance relative to our peers;
- the compensation practices of our compensation peer group and the positioning of each executive officer's compensation in a ranking of peer company compensation levels based on an analysis of competitive market data;

- in the case of long-term incentive compensation, the value of any outstanding vested and unvested equity awards held by each of our executive officers, including the equity awards and other long-term incentive compensation opportunities granted to each executive officer in prior years; and
- the recommendations provided by our CEO with regard to the compensation of our executive officers, as described below.

These factors provide the framework for decision-making by the Compensation Committee with respect to the compensation of each of our executive officers. No single factor is determinative in setting compensation levels, nor is the impact of any individual factor on the determination of compensation levels quantifiable.

The Compensation Committee does not weight these factors in any predetermined manner, nor does it apply any formulas in developing its compensation recommendations. The members of the Compensation Committee consider all of this information in light of their individual experience; knowledge of the Company, the competitive market, and each executive officer; and business judgment in making these recommendations.

Role of Chief Executive Officer

In discharging its responsibilities, the Compensation Committee works with members of our management, including our CEO. Our management assists the Compensation Committee by providing information on corporate and individual performance, market compensation data, and management's perspective on compensation matters. The Compensation Committee solicits and reviews our CEO's recommendations and proposals with respect to adjustments to annual cash compensation, long-term incentive compensation opportunities, program structures, and other compensation-related matters for our executive officers (other than with respect to her own compensation).

The Compensation Committee reviews and discusses these recommendations and proposals with our CEO and considers them as one factor in determining the compensation for our executive officers other than our CEO. Our CEO recuses herself from all discussions and recommendations regarding her own compensation and is not present when her compensation is discussed.

Role of Compensation Consultant

Pursuant to its charter, the Compensation Committee has the authority to retain the services of one or more executive compensation advisors, as it determines in its sole discretion, including compensation consultants and legal, accounting, and other advisors, to assist in the creation of our compensation plans and arrangements and related policies and practices. The Compensation Committee makes all determinations regarding the engagement, fees, and services of these external advisors, and any such external advisor reports directly to the Compensation Committee.

The Compensation Committee uses an external compensation consultant to assist it by providing information, analysis, and other advice relating to our executive compensation program and the decisions resulting from its annual executive compensation review. For fiscal year 2018, the Compensation Committee engaged Compensia, Inc. ("Compensia"), a national compensation consulting firm, as its compensation consultant to advise it on executive compensation matters, including competitive market pay practices for our executive officers, and data analysis and selection of the compensation peer group. For fiscal year 2018, the scope of Compensia's engagement included research, analysis, and support relating to:

- the levels of overall compensation and each element of compensation for our executive officers;
- our compensation peer group;
- market practice and support for revisions to post-employment compensation arrangements for our executive officers;
- executive compensation disclosure for our registration statement on Form S-1 in connection with our IPO;
- compensation "best practices" and market trends for our executive officers and the non-employee members of our Board;
- competitive market practice with respect to stock ownership guidelines;
- equity utilization and funding;
- the terms and conditions for an annual bonus program for our executive officers;
- the levels of overall compensation and each element of compensation for the non-employee members of our Board;
- a risk assessment of our executive and other employee compensation programs; and
- other *ad hoc* matters throughout the year.

The terms of Compensia's engagement include reporting directly to the Compensation Committee and the Compensation Committee chair. Compensia also coordinates with our management for data collection and job matching for our executive officers. In fiscal year 2018, Compensia did not provide any other services to us. The Compensation Committee has evaluated Compensia's independence pursuant to the Nasdaq listing standards and the relevant SEC rules and has determined that no conflict of interest has arisen as a result of the work performed by Compensia for the Compensation Committee.

Competitive Positioning

For purposes of comparing our executive compensation against the market, the Compensation Committee reviews and considers the compensation levels and practices of a group of peer companies. This compensation peer group consists of consumer, retail, and technology companies that are similar to us in terms of revenue, market capitalization, business focus, and revenue growth.

In developing the compensation peer group in March 2017 to serve as a reference for purposes of our initial fiscal year 2018 executive compensation decisions, the following criteria were used to identify comparable companies:

- publicly traded companies headquartered in the United States;
- similar industry and competitive market for talent (consumer discretionary, consumer staples, and technology);
- similar revenue size – within a range of approximately 0.3 to 3.0 times our last four quarters’ revenue (approximately \$345 million to \$3.1 billion);
- similar market capitalization – within a range of approximately 0.25 to 4.0 times our market capitalization (approximately \$490 million to \$7.9 billion);
- similar business focus of online retail and e-commerce, and/or apparel/retail sector; and
- positive revenue growth.

The Compensation Committee approved the following peer group following a review that included input from Compensia:

Box	Match Group	Shutterstock
Columbia Sportswear	Michael Kors Holdings	Under Armour
Etsy	Nutrisystem	Wayfair
GrubHub	Pandora Media	Yelp
Kate Spade & Co	Shopify	Zillow Group
lululemon athletica	Shutterfly	

This compensation peer group was used by the Compensation Committee during much of fiscal year 2018 as a reference for understanding the competitive market for executive positions in our industry and sector.

Competitive comparison data was collected from publicly available information contained in the SEC filings of the compensation peer group companies, as well as data from a customized version of the Radford Global Technology Executive Compensation survey (for companies with revenues between \$500 million and \$3 billion) and data from the Towers Watson Retail Executive Compensation Survey (for companies with revenues between \$500 million and \$3 billion) as references, to evaluate the competitive market when determining the total direct compensation packages for our executive officers, including base salary and long-term incentive compensation opportunities. These surveys provide compensation market intelligence and are widely used within the technology industry.

The competitive market data described above were not and are not used by the Compensation Committee in isolation, but serve as one point of reference in its deliberations on executive compensation. The Compensation Committee uses the competitive market data as a guide when making decisions about target total direct compensation, as well as individual elements of compensation. However, while market competitiveness is important, it is not the only factor the Compensation Committee considers when establishing compensation opportunities of our executive officers.

The Compensation Committee reviews our compensation peer group at least annually and adjusts the composition of the peer group if warranted, taking into account changes in both our business and that of the companies in the peer group.

Individual Compensation Elements

Historically, our executive compensation program has consisted of two principal elements: base salary and long-term incentive compensation in the form of equity awards. Our executive officers also participate in several Company-wide health and welfare benefit plans, which are consistent with the arrangements offered to our other employees. Finally, our executive officers are eligible to receive certain post-employment compensation arrangements.

We use these compensation elements to make up our executive compensation program because:

- they are consistent with other programs in our competitive market and allow us to effectively compete for highly qualified talent;
- each element supports achievement of one or more of our compensation objectives; and
- collectively, these elements have been, and we believe will continue to be, effective means for motivating our executive officers.

We view these primary compensation elements as related, but distinct, components of our total compensation program. We do not believe that total compensation should be derived from a single component, but should be balanced in support of our overall compensation

philosophy. Each of these compensation elements is discussed in detail below, including a description of the particular element and how it fits into our overall executive compensation and a discussion of the amounts paid to our named executive officers, if any, in fiscal year 2018 under each of these elements.

Base Salary

Base salary represents the fixed portion of the compensation of our named executive officers and is an important element of compensation intended to attract and retain highly talented individuals.

The Compensation Committee reviews and determines adjustments to the base salaries for each of our named executive officers as part of its annual executive compensation review. In addition, the base salaries of our named executive officers may be adjusted by the Compensation Committee in the event of a promotion or significant change in responsibilities.

The Compensation Committee generally determines base salaries after considering the factors described in “Governance of Executive Compensation Program – Compensation-Setting Process” above. Although our general philosophy is to set base salaries within a competitive range of market median, actual positioning is based on the Compensation Committee’s assessment of the factors described above.

In September 2017, after considering the recommendations of our CEO (except with respect to her own base salary) as well as the factors described in “Governance of Executive Compensation Program – Compensation-Setting Process,” the Compensation Committee determined to increase the base salaries of our CEO and COO in connection with entering into new employment offer letters with our named executive officers. As part of the compensation-setting process and our transition to status as a public company, the salaries of these two named executive officers were found to be below peer company compensation levels. Adjustments were made taking this into account, along with performance and consideration of the other factors described above. No adjustments were made to the base salaries of Messrs. Yee or Darling because, as of September 2017, neither had reached their first anniversary of service. The base salaries of our named executive officers for fiscal years 2017 and 2018 were as follows:

Named Executive Officer	Fiscal Year 2017 Base Salary	Fiscal Year 2018 Base Salary	Percentage Adjustment
Ms. Lake	\$ 550,000	\$ 650,000	18%
Mr. Yee	440,000	440,000	—
Mr. Smith	340,000	496,000	46%
Mr. Darling	325,000	325,000	—

The actual base salaries paid to our named executive officers in fiscal year 2018 are set forth in the “Fiscal Year 2018 Summary Compensation Table” below.

Long-Term Incentive Compensation

We view long-term incentive compensation in the form of equity awards as a critical element of our executive compensation program. The realized value of these equity awards bears a direct relationship to our stock price and, therefore, these awards are an incentive for our named executive officers to create value for our stockholders. Equity awards also help us retain our executive officers in a highly competitive market.

Long-term incentive compensation opportunities in the form of equity awards are granted by the Compensation Committee. The amount and forms of such equity awards are determined by the Compensation Committee after considering the factors described in “Governance of Executive Compensation Program – Compensation-Setting Process” above. The amounts of the equity awards are also intended to provide competitively sized awards and target total direct compensation opportunities within a competitive range of the market median relative to our compensation peer group and the Radford Global Technology Executive Compensation survey data for similar roles and positions for each of our executive officers, taking into consideration the factors described above.

The Compensation Committee did not grant any equity awards to any of our named executive officers in fiscal year 2018, as it was determined that equity award grants made in prior years already provided a sufficient level of incentive compensation.

Annual Cash Bonuses

We did not implement an annual cash bonus program for our executive officers during fiscal year 2018, nor did the Compensation Committee pay cash bonus to any of our named executive officers for fiscal year 2018 performance.

Health and Welfare Benefits

Our named executive officers are eligible to receive the same employee benefits that are generally available to all our full-time employees, subject to the satisfaction of certain eligibility requirements. These health and welfare benefits include medical and dental benefits, life insurance benefits, and short- and long-term disability insurance.

In addition, we maintain a “safe harbor” Section 401(k) savings plan (“401(k) Plan”) that provides eligible U.S. employees with an opportunity to save for retirement on a tax-advantaged basis. Eligible employees are able to defer eligible compensation up to certain limits as set forth in the Internal Revenue Code (the “Code”), which are updated annually. Pre-tax contributions are allocated to each participant’s individual account and are then invested in selected investment alternatives according to the participant’s directions. All participant interests in their contributions are fully vested when contributed. We have the ability to make matching and discretionary contributions to the 401(k) Plan. Currently, we do not make matching contributions or discretionary contributions to the 401(k) Plan. The 401(k) Plan is intended to be qualified under Section 401(a) of the Code, with the related trust intended to be tax exempt under Section 501(a) of the Code. As a tax-qualified retirement plan, contributions to the 401(k) Plan are deductible by us when made, and contributions and earnings on those amounts are not generally taxable to the employees until withdrawn or distributed from the 401(k) Plan.

In structuring these benefit programs, we seek to provide an aggregate level of benefits that are comparable to those provided by similar companies.

Perquisites and Other Personal Benefits

We do not view perquisites or other personal benefits as a significant component of our executive compensation program. Accordingly, we do not provide significant perquisites or other personal benefits to our named executive officers except as generally made available to all our employees, or in situations where we believe it is appropriate to assist an individual in the performance of his or her duties, to make our executive officers more efficient and effective, and for recruitment and retention purposes. During fiscal year 2018, none of our named executive officers received perquisites or other personal benefits except as generally made available to all our employees.

Employment Arrangements

While we do not have employment agreements with any of our executive officers, the initial terms and conditions of employment for Messrs. Darling, Smith, and Yee were set forth in written employment offer letters. In September 2017, we entered into new employment offer letters with each of our named executive officers setting forth the terms and conditions of their employment with us. Each of these employment offer letters provides for “at will” employment and sets forth the named executive officer’s base salary. These employment offer letters also contain provisions for certain payments and benefits in the event of certain qualifying terminations of employment, including a termination of employment following a change in control of the Company, as described in more detail in “Post-Employment Compensation Arrangements” below. Each of these arrangements was approved on our behalf by the Compensation Committee.

Each of our named executive officers is subject to customary confidentiality requirements and similar covenants. Each of our named executive officers has also executed our standard proprietary information and inventions agreement.

Post-Employment Compensation Arrangements

Each of our named executive officers is eligible to receive certain payments and benefits in the event of certain qualifying terminations of employment pursuant to their employment offer letters. These agreements provide for the payment of six months’ base salary and COBRA premium reimbursement (12 months in the case of our CEO) in the event that their employment is terminated by us without “cause” or by the executive officer for “good reason” (each as defined in his or her employment offer letter). In addition, if such termination of employment occurs during the period beginning one month prior to a change in control of the Company (as defined in our 2017 Incentive Plan) or within 12 months following a change in control of the Company, they will instead receive the payment of 12 months’ base salary and COBRA premium reimbursement (18 months in the case of our CEO), as well as vesting in full of all outstanding equity awards. The receipt of payments and benefits is contingent on the named executive officer’s execution of a release of claims in favor of the Company.

We believe that having in place reasonable and competitive post-employment compensation arrangements are essential to attracting and retaining highly qualified executive officers. These arrangements are designed to provide reasonable compensation to executive officers who leave our employ under certain circumstances to facilitate their transition to new employment. Further, in some instances we seek to mitigate any potential employer liability and avoid future disputes or litigation by requiring a departing executive officer to sign a separation and release agreement acceptable to us as a condition to receiving post-employment compensation payments or benefits.

The Compensation Committee does not consider the specific amounts payable under these post-employment compensation arrangements when establishing annual compensation. We do believe, however, that these arrangements are necessary to offer compensation packages that are competitive.

We believe that these arrangements are designed to align the interests of our named executive officers and our stockholders when considering our long-term future. The primary purpose of these arrangements is to keep our most senior executive officers focused on pursuing corporate transaction activity that is in the best interests of our stockholders regardless of whether those transactions may result in their own job loss. Reasonable post-acquisition payments and benefits should serve the interests of both the named executive officer and our stockholders.

All payments, benefits, and acceleration of vesting of outstanding equity awards in the event of a change in control of the Company are payable only if there is a subsequent loss of employment by a named executive officer or the refusal of an acquirer to assume or substitute a comparable award for an outstanding equity award (a “double-trigger” arrangement). In the case of the acceleration of vesting of

outstanding equity awards, we use this double-trigger arrangement to protect against the loss of retention value following a change in control of the Company and to avoid windfalls, both of which could occur if vesting of either equity or cash-based awards accelerated automatically as a result of the transaction.

We have not had excise tax gross-up provisions relating to a change in control of the Company and have no such gross-up obligations in place with respect to any of our named executive officers.

For detailed descriptions of the post-employment compensation arrangements we maintain with our named executive officers, as well as an estimate of the potential payments and benefits payable under these arrangements, see “Potential Payments upon Termination or Change in Control” below.

Other Compensation Policies and Practices

Stock Ownership Policy

We believe that stock ownership by our executive officers and the non-employee members of our Board is important to link the risks and rewards inherent in stock ownership of these individuals and our stockholders. Our Board has adopted formal stock ownership guidelines that require our executive officers and the non-employee members of our Board to own a minimum number of shares of our Class A or Class B common stock. These mandatory ownership levels are intended to create a clear standard that ties a portion of these individuals’ economic interests to the performance of our stock price. Compliance is evaluated on an annual basis on the last day of the fiscal year.

The current required ownership levels are as follows:

Individual Subject to Ownership Guidelines	Minimum Required Level of Stock Ownership
Chief Executive Officer	Lesser of five times base salary or 215,000 shares
Other Executive Officers	Lesser of two times base salary or 43,000 shares
Non-Employee Member of our Board	Lesser of four times annual retainer or 13,000 shares

The applicable guideline must be achieved by each covered individual within five years after the later of (a) the effective date of the registration statement pertaining to our initial public offering of our Class A common stock or (b) the date the individual became a covered individual, measured as of the last day of the applicable fiscal year.

Hedging and Pledging Activities

Our executive officers and the members of our Board will not be permitted to pledge our stock, trade in derivative securities of the Company, engage in short selling of our securities, or purchase our securities on margin or hold them in a margin account at any time.

Tax and Accounting Considerations

Deductibility of Executive Compensation

In approving the amount and form of compensation for our named executive officers, the Compensation Committee considers all elements of our cost of providing such compensation, including the potential impact of Section 162(m) of the Internal Revenue Code.

Section 162(m) of the Code as in effect prior to the enactment of the Tax Cuts and Jobs Act of 2017 (the “Tax Act”) in December 2017 generally disallowed a tax deduction to public companies for compensation of more than \$1 million paid in any taxable year to each “covered employee,” consisting of the chief executive officer and the three other highest paid executive officers employed at the end of the year (other than the chief financial officer). “Performance-based compensation” was exempt from this deduction limitation if the company met the requirements set forth in the Code and applicable Treasury regulations.

Further, as a result of a transition rule applicable to newly public companies, the Section 162(m) deduction limit generally does not apply to compensation paid pursuant to an arrangement that was in existence prior to the Company’s IPO and disclosed in its public filings.

The Tax Act retained the \$1 million deduction limit but repealed the “performance-based compensation” exemption from the deduction limit and expanded the definition of “covered employee,” effective for taxable years beginning after December 31, 2017, to, among other things, treat a public company’s chief financial officer as a “covered employee.” Thus, compensation paid to our chief executive officer, chief financial officer, and our three other highest paid executive officers in excess of \$1 million will not be deductible unless it qualifies for transitional relief applicable to certain binding, written performance-based compensation arrangements that were in place as of November 2, 2017, and/or qualifies for the transitional rule for newly public companies. As final guidance and regulations relating to Section 162(m), as amended, have not been issued, no assurance can be given that compensation will qualify for this transitional relief or that the transition rule for newly public companies will continue to be available. We will continue to closely monitor developments with respect to Section 162(m) of the Code.

The Compensation Committee believes that our stockholders’ interests are best served if its discretion and flexibility in awarding compensation is not restricted, even though some portion may result in non-deductible compensation expense. While tax deductibility

is one item that is considered in determining the form and amount of executive compensation, the Compensation Committee also considers other factors, and reserves the right to pay compensation that is not deductible, including under Section 162(m) of the Code.

Accounting for Stock-Based Compensation

We follow the Financial Accounting Standard Board's Accounting Standards Codification Topic 718 ("FASB ASC Topic 718") for our stock-based compensation awards. FASB ASC Topic 718 requires us to measure the compensation expense for all share-based payment awards made to our employees and non-employee members of our Board, including options to purchase shares of our Class A and Class B common stock and restricted stock unit awards that may be settled for shares of our Class A and Class B common stock, based on the grant date "fair value" of these awards. This calculation is performed for accounting purposes and reported in the executive compensation tables required by the federal securities laws, even though the recipient of the awards may never realize any value from their awards.

Compensation Committee Report*

The Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis contained in this Proxy Statement. Based on this review and discussion, the Compensation Committee has recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement and incorporated into the Company's Annual Report on Form 10-K for the fiscal year ended July 28, 2018.

THE COMPENSATION COMMITTEE

Mr. Steven Anderson

Ms. Marka Hansen

Ms. Kirsten Lynch

* The material in this report is not "soliciting material," is furnished to, but not deemed "filed" with, the SEC, and is not deemed to be incorporated by reference in any filing of the Company under the Securities Act or the Exchange Act, other than the Company's Annual Report on Form 10-K, where it shall be deemed to be "furnished," whether made before or after the date hereof and irrespective of any general incorporation language in any such filing.

Compensation-Related Risk

The Compensation Committee has reviewed our compensation policies and practices, in consultation with its external compensation consultant and outside legal counsel, to assess whether they encourage our employees to take inappropriate risks. After reviewing and assessing our compensation philosophy, policies, and practices, including the mix of fixed and variable, short- and long-term compensation, and overall pay, incentive plan structures, and the checks and balances built into, and oversight of, each plan and practice, the Compensation Committee has determined that any risks arising from our compensation policies and practices for our employees are not reasonably likely to have a material adverse effect on the Company as a whole.

The Compensation Committee believes that the mix and design of the elements of executive compensation do not encourage management to assume excessive risks; the mix of fixed and variable compensation prevents undue focus on short-term results and helps align the interests of our executive officers with the interests of our stockholders. In addition, our Insider Trading Policy and the fact that we will not permit our executives to hedge or pledge our equity securities protects against short-term decision making.

Fiscal Year 2018 Pension Benefits

Our named executive officers did not participate in, or otherwise receive any benefits under, any defined benefit pension or retirement plan sponsored by us during fiscal year 2018.

Fiscal Year 2018 Nonqualified Deferred Compensation

Our named executive officers did not participate in, or earn any benefits under, a non-qualified deferred compensation plan sponsored by us during fiscal year 2018.

Potential Payments upon Termination or Change in Control

Each of our named executive officers is eligible for severance payments and benefits pursuant to the post-employment compensation provisions of their 2017 employment offer letter. These provisions supersede severance provisions in the named executive officers' prior employment offer letter, if any.

For the purposes of the employment offer letters, "Cause" for a named executive officer's termination means her or his: (a) conviction (including a guilty plea or plea of nolo contendere) of any felony; (b) commission or attempted commission of or participation in a fraud or act of dishonesty or misrepresentation against us; (c) willful and continued failure to follow the lawful directions of our Board or officers to whom she or he reports, and failure to cure such failure within a reasonable time after receiving written notice from us of the claimed failure; (d) deliberate harm or injury, or attempt to deliberately harm or injure, us; (e) willful misconduct that materially discredits or harms us or our reputation; (f) material violation or breach of any written and fully executed contract or agreement between the named executive officer and us, including without limitation, material breach of her or his Confidentiality Agreement, or of any of our policies, or of any statutory duty owed to us by the named executive officer; (g) gross negligence or willful misconduct; (h) failure to cooperate with any investigation as requested by our Board or officers to whom the named executive officer reports; or (i) unauthorized use of confidential information that causes material harm to us; and a named executive officer will have "Good Reason" for resigning if any of the following actions are taken by us without her or his prior written consent: (a) a material reduction

in her or his base salary or target annual bonus (unless pursuant to a salary reduction program applicable generally to our similarly situated employees); (b) a material reduction in her or his duties (including responsibilities and/or authorities), provided, however, that a change in job position (including a change in title or change resulting from a change in control transaction) shall not be deemed a “material reduction” in and of itself unless her or his new duties are materially reduced from the prior duties; or (c) relocation of her or his principal place of employment to a place that increases her or his one-way commute by more than 35 miles as compared to her or his then-current principal place of employment immediately prior to such relocation.

Involuntary Termination of Employment Not Involving a Change in Control

Pursuant to these provisions, in the event we terminate a named executive officer’s employment without Cause, other than as a result of death or disability, or she or he resigns for Good Reason (an “Involuntary Termination of Employment”) more than one month prior to or 12 months following the closing of a change in control of the Company (as defined in her or his employment offer letter), then, subject to execution and delivery of an effective release of claims in favor of the Company and the return of all Company property as specified in her or his employment offer letter, the named executive officer will receive:

- a cash payment equal to six months (12 months in the case of our CEO) of her or his then-effective base salary; and
- continued health care coverage for a maximum period of six months (12 months in the case of our CEO), subject to cessation in the event she or he obtains such coverage from a new source.

Involuntary Termination of Employment Involving a Change in Control

Pursuant to these provisions, in the event of an Involuntary Termination of Employment within the period beginning one month prior to or ending 12 months following the closing of a change in control of the Company, then, subject to execution and delivery of an effective release of claims in favor of the Company and the return of all Company property as specified in her or his employment offer letter, the named executive officer will receive:

- a cash payment equal to 12 months (18 months in the case of our CEO) of her or his then-effective base salary;
- continued health care coverage for a maximum period of 12 months (18 months in the case of our CEO), subject to cessation in the event that she or he obtains such coverage from a new source; and
- full accelerated vesting of any and all outstanding and unvested equity awards held by her or him, except to the extent the award agreement for any such equity award contains an explicit provision to the contrary.

If any payment or benefit that a named executive officer may receive from us or otherwise would constitute a “parachute payment” within the meaning of Section 280G of the Code, and be subject to the excise tax imposed by Section 4999 of the Code, then such payment or benefit will be reduced to an amount that is either (i) the largest portion of the payment that would result in no portion of the payment being subject to such excise tax or (ii) the largest portion, up to and including the total, of the payment, whichever amount, after taking into account all applicable federal, state, and local employment taxes, income taxes, and the excise tax results in her or his receipt, on an after-tax basis, of the greater economic benefit notwithstanding that all or some portion of the payment may be subject to the excise tax.

The following table presents the estimated payments and benefits that would be received by each of our named executive officers under the arrangements described above, assuming that a termination of employment and, where applicable, a change in control of the Company had occurred on July 28, 2018, the last day of fiscal year 2018, and that the price of our Class A common stock was \$29.51 per share, which represents the closing market price of our Class A common stock on July 27, 2018, the last trading day of fiscal year 2018. This table is intended only for illustrative purposes; the rights and benefits due to any named executive officer upon an actual termination of employment or change in control of the Company can only be determined at the time of such event, based on circumstances then existing and arrangements then in effect.

- (1) The amounts reported for “Severance Payment” represent that annual base salary of each named executive officer as of the last day of the last completed fiscal year multiplied by the number of months for which such payment would be provided.
- (2) The amounts reported for “Health Care Coverage” represent the Company’s monthly cost of medical, dental, and vision insurance coverage multiplied by the number of months of coverage that would be provided to each named executive officer.
- (3) The amounts reported for “Equity Acceleration” represents the number of shares of our Class B common stock subject to unvested and unexercised options to purchase shares of our Class B common stock outstanding as of the last day of the last completed fiscal year multiplied by \$29.51 per share, which represents the closing market price of our Class A common stock on July 27, 2018, the last trading day of fiscal year 2018, less the exercise price.

In addition to the benefits described and quantified above, the 2011 Plan and 2017 Incentive Plan (the “2017 Plan”) provide for an extended period of time during which an optionholder may exercise options following the optionholder’s termination of service (the “post-termination exercise period”). Generally, under the 2011 Plan and the 2017 Plan, if an optionholder’s service relationship with us ends, the optionholder may exercise any vested options for up to three months after the date that the service relationship ends. However, if the optionholder’s service relationship with us ceases due to disability or death, the optionholder, or his or her beneficiary, may exercise any vested options for up to 12 months in the event of disability or 18 months in the event of death, after the date the service relationship ends. Accordingly, each of our named executive officers would be entitled to an extended post-termination exercise period in the event of a termination due to death or disability.

DIRECTOR COMPENSATION

The Compensation Committee of our Board regularly reviews and assesses the compensation levels of our non-employee directors, with the assistance of its external compensation consultant. In August 2017, the compensation consultant prepared a comprehensive assessment of our non-employee director compensation program. The assessment included an evaluation of the compensation of our non-employee directors against the compensation of non-employee directors of the companies in the compensation peer group used for executive compensation purposes, an update on recent trends in director compensation, and a review of related corporate governance best practices. Following this review and assessment, in November 2017, our Board approved a director compensation policy for our non-employee directors who are not affiliated with our stockholders, who we refer to below as our “Independent Directors,” which became effective in connection with our IPO. Pursuant to this policy, which was amended by our Board in February 2018, our Independent Directors receive the compensation described below.

Cash Compensation

- A \$50,000 annual cash retainer for service as a board member;
- \$20,000 per year for service as chair of the Audit Committee and \$10,000 per year for service as a member of the Audit Committee;
- \$15,000 per year for service as chair of the Compensation Committee and \$7,500 per year for service as a member of the Compensation Committee;
- \$10,000 per year for service as chair of the Nominating and Corporate Governance Committee and \$5,000 per year for service as a member of the Nominating and Corporate Governance Committee; and
- \$10,000 per year for service as Lead Independent Director.

The annual cash compensation amounts are payable in equal quarterly installments following the end of each quarter in which the service occurred, pro-rated for any partial quarters. All annual cash fees are vested upon payment.

Equity Compensation

- A nonqualified option to purchase shares of our Class A common stock with an aggregate value of \$150,000 on the date of each annual meeting of our stockholders; provided that any Independent Director serving on our Board as of the date of our IPO will not receive a nonqualified stock option until the date of the annual meeting that follows the date on which all equity award grants held by such Independent Director as of the date of the offering have become fully vested.

Each such stock option will be granted under our 2017 Plan and will vest on the earlier of the first anniversary of its date of grant and the date of the next annual meeting of stockholders, subject to the director’s continuous service through the applicable vesting date.

In addition, any person who is elected or appointed as an Independent Director for the first time will, upon the date of her or his initial election or appointment, receive a nonqualified option to purchase shares of our Class A common stock with an aggregate value of \$150,000, multiplied by a fraction, the numerator of which is the number of days between the date of appointment and the date of the next then-scheduled annual meeting of stockholders (or, if the date of such annual meeting has not yet been scheduled, the first anniversary of the immediately preceding annual meeting), and the denominator of which is 365.

Any outstanding options to purchase shares of our Class A or Class B common stock held by each Independent Director who remains in continuous service with us until immediately prior to a change in control of the Company (as defined in our 2017 Plan) will become fully vested immediately prior to the closing of such change in control event in which their service is terminated.

Reimbursement of Expenses

We also reimburse each eligible non-employee director for ordinary, necessary, and reasonable out-of-pocket travel expenses to cover in-person attendance at and participation in meetings of our Board and any committee of the Board.

Fiscal Year 2018 Director Compensation Table

The following table shows for the fiscal year ended July 28, 2018, certain information with respect to the compensation of our non-employee directors:

TRANSACTIONS WITH RELATED PERSONS AND INDEMNIFICATION

Certain Related-Person Transactions

The following is a summary of transactions since July 30, 2017, to which we have been a participant in which the amount involved exceeded or will exceed \$120,000, and in which any of our directors, executive officers, or holders of more than 5% of our capital stock, or any member of the immediate family of the foregoing persons, had or will have a direct or indirect material interest, other than compensation arrangements which are described in the section titled "Executive Compensation."

Employment of an Immediate Family Member

Chelsea Lake, the sister of Katrina Lake, our Founder, Chief Executive Officer, and a member of our Board, is an employee on our Women's merchandising team. During fiscal year 2018, Chelsea Lake served principally as a Buying Director and had total cash compensation of \$180,190. In December 2017, Chelsea Lake's annual base salary was increased to \$185,000 and in June 2018, her base salary was increased to \$190,000. Chelsea Lake's cash compensation was determined based on external market compensation data for similar positions and internal pay equity when compared to the compensation paid to employees with similar experience serving in similar positions who were not related to our Founder, Chief Executive Officer, and a member of our Board. In September 2017, Chelsea Lake received an option to purchase up to 2,010 shares of our Class B common stock at an exercise price of \$23.43 per share. The grant date fair value of the stock option, computed in accordance with ASC Topic 718, was \$21,447. This stock option award vests over a period of 24 months with 1/24th of the shares vesting each month starting on August 1, 2019. In February 2018, she received an RSU to acquire 1,377 shares of Class A common stock, with an aggregate fair value of \$28,504. The RSUs vest in a series of eight equal quarterly installments, beginning on September 18, 2019. Chelsea Lake has received and continues to be eligible for equity awards on the same general terms and conditions as applicable to employees in similar positions who are not related to our Founder, Chief Executive Officer, and a member of our Board.

Indemnification

Our amended and restated certificate of incorporation ("Certificate of Incorporation") contains provisions that limit the liability of our current and former directors for monetary damages to the fullest extent permitted by Delaware law. Delaware law provides that directors of a corporation will not be personally liable for monetary damages for any breach of fiduciary duties as directors, except liability for:

- any breach of the director's duty of loyalty to the corporation or its stockholders;
- any act or omission not in good faith or that involves intentional misconduct or a knowing violation of law;
- unlawful payments of dividends or unlawful stock repurchases or redemptions; or
- any transaction from which the director derived an improper personal benefit.

Such limitation of liability does not apply to liabilities arising under federal securities laws and does not affect the availability of equitable remedies such as injunctive relief or rescission.

Our Certificate of Incorporation authorizes us to indemnify our directors, officers, employees, and other agents to the fullest extent permitted by Delaware law. Our Bylaws provide that we are required to indemnify our directors and officers to the fullest extent permitted by Delaware law and may indemnify our other employees and agents. Our Bylaws also provide that, on satisfaction of certain conditions, we will advance expenses incurred by a director or officer in advance of the final disposition of any action or proceeding, and permit us to secure insurance on behalf of any officer, director, employee, or other agent for any liability arising out of his or her actions in that capacity regardless of whether we would otherwise be permitted to indemnify him or her under the provisions of Delaware law. We have entered and expect to continue to enter into agreements to indemnify our directors, executive officers, and other employees as determined by the Board. With certain exceptions, these agreements provide for indemnification for related expenses including attorneys' fees, judgments, fines, and settlement amounts incurred by any of these individuals in any action or proceeding. We believe that these Certificate of Incorporation and Bylaw provisions and indemnification agreements are necessary to attract and retain qualified persons as directors and officers. We also maintain customary directors' and officers' liability insurance.

Related-Person Transactions Policy and Procedures

In September 2017, we adopted a policy that our executive officers, directors, nominees for election as a director, beneficial owners of more than 5% of any class of our common stock, and any members of the immediate family of any of the foregoing persons are not permitted to enter into a related person transaction with us without the approval or ratification of our Audit Committee or other independent body of our Board. Any request for us to enter into a transaction with an executive officer, director, nominee for election as a director, beneficial owner of more than 5% of any class of our common stock, or any member of the immediate family of any of the foregoing persons, in which the amount involved exceeds \$120,000 and such person would have a direct or indirect interest, must be presented to our Audit Committee or other independent body of our board for review, consideration, and approval. In approving or rejecting any such proposal, our Audit Committee or other independent body of our board is to consider the relevant facts of the transaction, including the risks, costs, and benefits to us and whether the transaction is on terms no less favorable than terms generally available to an unaffiliated third party under the same or similar circumstances. All of the transactions described above were presented, considered, and approved or ratified by our Board or the Audit Committee.

OTHER MATTERS

The Board knows of no other matters that will be presented for consideration at the 2018 Annual Meeting. If any other matters are properly brought before the meeting, it is the intention of the persons named in the accompanying proxy to vote on such matters in accordance with their best judgment.

APPENDIX A
NON-GAAP FINANCIAL MEASURES

We report our financial results in accordance with generally accepted accounting principles in the United States, or GAAP. However, management believes that certain non-GAAP financial measures provide users of our financial information with additional useful information in evaluating our performance. Management believes that excluding certain items that may vary substantially in frequency and magnitude period-to-period from net income (loss) and earnings (loss) per share (“EPS”) provides useful supplemental measures that assist in evaluating our ability to generate earnings and to more readily compare these metrics between past and future periods. Management also believes that adjusted EBITDA is frequently used by investors and securities analysts in their evaluations of companies, and that such supplemental measure facilitates comparisons between companies. These non-GAAP financial measures may be different than similarly titled measures used by other companies. For instance, we do not exclude stock-based compensation expense from adjusted EBITDA. Stock-based compensation is an important part of how we attract and retain our employees, and we consider it to be a real cost of running the business.

Our non-GAAP financial measures should not be considered in isolation from, or as substitutes for, financial information prepared in accordance with GAAP. There are several limitations related to the use of our non-GAAP financial measures as compared to the closest comparable GAAP measures. Some of these limitations include:

- our adjusted EBITDA and non-GAAP EPS – diluted measures exclude compensation expense that we recognized related to certain stock sales by current and former employees;
- our non-GAAP EPS – diluted measures exclude the impact of the remeasurement of our net deferred tax assets following the adoption of the Tax Cuts and Jobs Act (the “Tax Act”);
- our adjusted EBITDA and non-GAAP EPS – diluted measures exclude the remeasurement of the preferred stock warrant liability, which is a non-cash expense incurred in the periods prior to the completion of our initial public offering;
- our adjusted EBITDA measure also excludes the recurring, non-cash expenses of depreciation and amortization of property and equipment and, although these are non-cash expenses, the assets being depreciated and amortized may have to be replaced in the future; and
- our adjusted EBITDA measure does not reflect our tax provision, which reduces cash available to us.

Adjusted EBITDA

We define adjusted EBITDA as net income (loss) excluding other (income), net, provision (benefit) for income taxes, depreciation and amortization, and, when present, the remeasurement of preferred stock warrant liability and compensation expense related to certain stock sales by current and former employees. The following table presents a reconciliation of net income (loss), the most comparable GAAP financial measure, to adjusted EBITDA for each of the periods presented:

(in thousands)	For the Fiscal Year Ended	
	July 28, 2018	July 29, 2017
Adjusted EBITDA reconciliation:		
Net income (loss)	\$ 44,900	\$ (594)
Add (deduct):		
Other income, net	(1,004)	(42)
Provision (benefit) for income taxes	9,813	13,395
Depreciation and amortization	10,542	7,655
Remeasurement of preferred stock warrant liability	(10,685)	18,881
Compensation expense related to certain stock sales by current and former employees	—	21,283
Adjusted EBITDA	\$ 53,566	\$ 60,578

Non-GAAP Earnings Per Share – Diluted

We define non-GAAP EPS as diluted EPS excluding, when present, the per share impact of the remeasurement of preferred stock warrant liability, compensation expense related to certain stock sales by current and former employees, and the related tax impact of those items, as well as the per share impact of the remeasurement of our net deferred tax assets in relation to the adoption of the Tax Act. The following table presents a reconciliation of EPS attributable to common stockholders – diluted, the most comparable GAAP financial measure, to non-GAAP EPS attributable to common stockholders – diluted for each of the periods presented:

(in dollars)	For the Fiscal Year Ended	
	July 28, 2018	July 29, 2017
Non-GAAP earnings per share – diluted reconciliation:		
Earnings (loss) per share attributable to common stockholders – diluted	\$ 0.34	\$ (0.02)
Per share impact of the remeasurement of preferred stock warrant liability ⁽¹⁾	—	0.36
Per share impact of compensation expense related to certain stock sales by current and former employees	—	0.40
Per share impact from tax effect of non-GAAP adjustments	—	(0.17)
Per share impact from Tax Act ⁽²⁾	0.05	—
Non-GAAP earnings (loss) per share attributable to common stockholders – diluted	\$ 0.39	\$ 0.57

⁽¹⁾For the fiscal year ended July 28, 2018, the preferred stock warrant liability was dilutive and included in earnings per share attributable to common stockholders – diluted. Therefore, it is not an adjustment to arrive at non-GAAP EPS – diluted.

⁽²⁾The U.S. government enacted comprehensive tax legislation in December 2017. This resulted in a net charge of \$4.2 million for the fiscal year ended July 28, 2018, due to the remeasurement of our net deferred tax assets for the reduction in tax rate from 35% to 21%. This adjustment only includes this transitional impact. It does not include the ongoing impacts of the lower U.S. statutory rate on current year earnings.
